

Antonios Kalogeropoulos

Curriculum vitae

Address: Galatsi, Athens

Phone: +30 6980989389

Email: kalogeropoulos.tony@gmail.com

LinkedIn: www.linkedin.com/in/antonios-kalogeropoulos

Github: <https://github.com/Inotium>

Nationality: Greek

Military Obligations: fulfilled

Experience

- 2023/2 – 2024/11 - **Solutionist**
 - Developed and maintained backend functionality using Django, ensuring seamless integration with frontend systems.
 - Designed and implemented interactive user interfaces with React, providing dynamic and responsive experiences.
 - Focused primarily on mobile app development with React Native and Flutter (Dart), building cross-platform applications that integrated multiple features such as real-time data synchronization, push notifications, and in-app purchases.
 - Integrated third-party APIs and services to enhance app functionality, contributing to the overall scalability of the projects.

Education

- **Public Institutes of Vocational Training (IEK)**
Computer Science: Software Engineer
(application developer – web designer – developer / video game development)
- 5th technical high school of Athens (Night Classes)
